Re: Gay Alliance of Genesee Valley v. City Assessor

Dear Paul:

Thanks for all your help with Richard Burns' affidavit. I haven't received it yet -- I expect it will be in today's mail when I get home -- but I'm sure it will be just what we need to win this case.

As I was preparing the court papers yesterday, it struck me that we need two more things from the LGCSC: a copy of the LGCSC's By-Laws, and a copy of the LGCSC's Certificate of Incorporation. The reason we need these 2 documents is to let the court know that the City was clearly aware of the GLCSC's goals and purposes when the City approved your tax exemption.

I would very much appreciate it if you could FAX these two documents to me today at (716) 454-2518, c/o Greater Upstate Law Project, 87 N. Clinton Ave., Rochester, NY 14614. If you have any questions, please call me at (716) 454-6500.

Once again, thanks for all your help. I am 99% sure this is the last request for papers from the LGCSC I will make! (The 1% is because I always end up regretting it when I say 100%!).

Yours,

Ellen
